

IMPACT REPORT 2025

Miss Weary
Foundation

LETTER FROM THE EXECUTIVE DIRECTOR

2025 was a year of continued progress for Miss Weary Foundation. As the Executive Director of Miss Weary Foundation, I can truly say we are making a positive impact on the Tulsa and surrounding communities. We consistently impact individual lives through our healthcare training programs which all lead to sustainable careers. This year has been a year of expanding partnerships to help support potential students in their journey to healthcare careers and of expansion of adding new training class options and courses.

Our new location has afforded the Foundation to operate its programs to capacity. Bigger classroom space allows for more student enrollments and more course offerings.

The space has also been a community meeting venue, opening its doors to businesses and social groups to host programs. We are proud to have the ability to be a place of community gathering.

As we embark upon 2026, we are excited for what the future holds for the healthcare industry. We are excited to be Tulsa premier healthcare training center and look forward to expansion.

Wendy Williams, RN
Executive Director

OUR STORY SO FAR

OUR MISSION

To prepare, empower and equip individuals for meaningful and sustainable careers in healthcare.

OUR VISION

To be a leading healthcare training institution that strengthens communities through education, opportunity and service.

OUR VALUES

Equitable Education

Empowerment

Resilience

Compassionate Care

2025 MAJOR

ACCOMPLISHMENTS

Trained Ascension St. John Bedrock Initiative community health workers in administration of manual blood pressure

Invited to present to the TSET Board of Directors for Legacy Funding

Seated a new Board of Directors

WHAT OUR STUDENTS ARE SAYING

I was a patient at St Francis Hospital and one of the technicians there was a former student. She was outstanding, her skills and bedside manner helped make my stay comfortable. If you're interested in a career in the health industry, I highly recommend this center for training.

- George

Great training program that produces wonderful and skilled graduates.

-Sabrina

I enjoyed the class, sometimes it got a little off topic but that was perfect for my ADHD I passed with an amazing score the first time. You do have to put in your own effort mind you, but that's any schooling. Wonderful 5/5 ¹⁰⁰ would recommend

Brittany

I absolutely recommend this training center if you are looking to take any classes for CNA or CMA or wanting to be certified in the medical field definitely check this center out first. I took the CNA class and it was a two-week class. Mrs. Wendy Williams is wonderful and very helpful understanding and knowledgeable. Mrs. Theresa is one of the best teachers I have ever had. She is calm, knowledgeable, nice, understanding and knows how to explain and make you understand what she is teaching you. I will never go anywhere else for my training and I highly suggest this center for your training needs as well. Thank you Mrs. Williams and Mrs. Theresa for everything.

-Jessica

I enjoyed the class and learned a lot. I'm thankful for the encouragement and dedication that was given during the process of accomplishing my goal.

- Brittany

Went here for my CNA training and came back 6 months later for my CMA. Had a great instructor Mrs. Rae for both my classes. She explained things the first time where I could clearly understand. Gave us hands on learning and made everyone comfortable, to where it wasn't a anxious and overwhelmed environment. I recommend Mrs. Rae to everyone she's AMAZING!!!

-Trinity

Awesome training facility and amazing staff! These ladies were so nice and helpful. I highly recommend this facility to anyone looking to become certified!!! 10/10 would recommend.

- Jazzlin

- 5 HEALTH FAIRS

FINANCIALS

Miss Weary Foundation maintains a stable financial foundation with approximately 97% of funding derived from student fees, complemented by individual and corporate donations. Recognizing the importance of financial sustainability and diversification, the organization has identified expanding our funding base as a strategic priority for 2026. To support this goal, we have partnered with a professional fundraising firm to develop a comprehensive fundraising strategy that will broaden our donor base and strengthen long-term organizational resilience.

LOOKING AHEAD

As we look toward 2026 and beyond, the Miss Weary Foundation has identified four strategic priorities that will guide our work and strengthen our capacity to serve. First, we are committed to diversifying our funding sources to ensure long-term sustainability and reduce reliance on any single revenue stream. Second, we are deepening board engagement by empowering our trustees to take active roles in governance, advocacy, and resource development. Third, we remain focused on continued impact, refining our programs and measuring outcomes to ensure we are delivering meaningful results for the students and communities we serve. Finally, we are embarking on a comprehensive strategic planning process that will chart our course for the next several years, aligning our mission with emerging needs and opportunities in the field. Together, these priorities position Miss Weary Foundation for sustainable growth and expanded impact in the years ahead.
